Bekasi

I am Bayu Muhammad Fauzan, I am a graduate of Trisakti Transportation and Logistics Institute in the Bachelor of Aerospace Engineering study program with a GPA of 3.58. In addition, I have work and organizational experience. I have experience working in a convection as a warehouse and also have experience doing an internship at PT Angkasa Pura 1 Adi Soemarmo Surakarta Airport, while for organizational experience I have served in several organizations during high school and while in college. I have an interest in pursuing a career in Logistics and Construction because during my studies I gained knowledge in both fields, I also do not rule out the possibility of pursuing a career in any field.
