## Summary

I am Febri Ana Lestari, knowledgeable in measurement and IPP. As a QC with over 2 years of experience in ensuring product quality and compliance with company standards. Skilled in inspection, quality testing, and implementing corrective actions to meet regulatory compliance. Identified and implemented new QC guidelines that reduced inspection time by up to 30%. I strive to use my skilled quality QC background to become the next QC supervisor at your company.

### Toyo Denso Indonesia (TEC Group)

Bekasi, West Java

#### Quality Measurment and IPP

January 2023 – July 2025

- Conducting regular inspections and testing of products to maintain quality

- Documenting and reporting quality issues, suggesting corrective actions to improve processes
- Collaborating with the production team to ensure compliance with ISO standards
- Checking related to IPP parts according to schedule
- Measurement of henkaten parts in-house (internal) and supplier
- Verification of assembly product (check assembly, shake, illumination, feeling tester)
- Create daily measurement targets
- Create inspection records according to company standards
- Create monthly test reports (getsuji)
