## Profile

---

A fresh graduate in Chemical Engineering with a solid understanding of basic engineering principles, industrial processes, and quality control. Actively participated in laboratory practicals during academic studies. Passionate about petrochemical, oil and gas, and manufacturing industries. Highly motivated to grow and learn, with strong curiosity for new experiences. Experienced in student organization to develop soft skills such as leadership, responsibility, effective public speaking, critical thinking, teamwork, and problem solving. Committed to contributing fully and responsibly in every task and project.

## Internship Experience

---

### PT. PLN Nusantara Power UP Paiton Unit 9 - Probolinggo, Indonesia

June 2024 – July 2024

- Gained understanding of seawater-to-electricity conversion processes.
- Conducted water quality analysis from the Water Treatment Plant (WTP).
- Performed coal quality analysis in the coal laboratory.
- Analyzed lubricating oil used in power generation equipment in the oil laboratory.
- Controlled quality of coal, oil and water.
- Collected data from process instrumentation.
- Analyzed the performance of High Pressure Heater (HPH) [link](#)

## Education

---

### UPN Veteran Yogyakarta - Yogyakarta, Indonesia

August 2021 – August 2024

Associate degree in Chemical engineering 3.25/4.00

### SMA Negeri 11 Tangerang Selatan - Banten, Indonesia

August 2018 – May 2021

Science Major

## Organizational Experience

---

### Himpunan Mahasiswa D3 Teknik Kimia - Yogyakarta, Indonesia

January 2022 – January 2022

secretary

- Managed administrative tasks and documentation
- Handled incoming and outgoing correspondence
- Documented meeting results (minutes)
- Assisted other board members in administrative duties
- Supported the chairperson with organizational tasks
- Maintained secretarial equipment and supplies with the treasurer

## Committee Experience

---

### Nasional Chemical Engineering Seminar “Kejuangan” - Yogyakarta, Indonesia

Agustus 2022

Koordinator Acara

- Drafted formal letters (e.g., permission and invitations)
- Prepared event proposals.
- Recorded all event proceedings and decisions
- Organized meeting agendas
- Composed meeting minutes [Link](#)

## Skill

---

- *Hard Skills* : Microsoft Word, Microsoft Excel, Microsoft Power Point, Microsoft Visio, Canva, Unisim, Scilab, Sampling Techniques, Laboratory Analysis, Instrument Handling, SOP Compliance & Data Accuracy

- *Soft Skills* : Public Speaking, Teamwork, Leadership, Team Building, Project Management, Decision Making, Problem Solving.
